

0 601 94C 704 – GHG 630 DCE

Material number	0 601 94C 704
EAN	3165140306249

Technical data

Technical Data

Rated power input	2000 W
Weight	0,9 kg

Specifications, use

Working temperature	50 - 630 °C
Airflow	150 - 500 l/min
Continuously variable temperature control	✓
Control, airflow	infinitely variable

Sales information

Key Message

- The heat gun with the greatest ease of use

User benefits

- Heating automatically switches off and cools when overheating, for long service life
- Three working temperature settings
- Airflow and temperature control in steps of ten for precise working

Other features

- 50°C cold setting
- Ergonomic design/softgrip
