

0 611 335 1F0 – GSH 16-30

Material number	0 611 335 1F0	0 611 335 100
EAN	3165140772501	3165140410380
Baretool number	3611C35100	
1 x pointed chisel, 30 mm hex shank, 400 mm 2 608 690 111	✓	
Auxiliary handle spare part number 1 617 000 A55	✓	
Carrying handle	✓	
Grease tube spare part number 1 615 430 010	✓	
Machine cloth	✓	
Trolley 2 605 438 628	✓	
Voltage, electrical	230 V	

Technical data

Technical Data

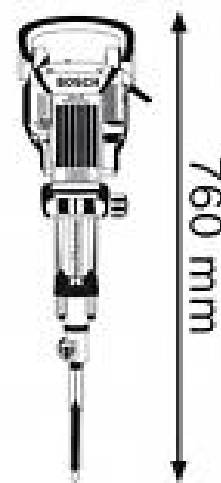

Rated power input	1750 W
Impact energy	41 J
Impact rate at rated speed	1300 bpm
Weight	16,5 kg
Length	760 mm
Width	255 mm
Bit holder	30 mm internal hexagon

Noise/vibration information

Vibration level (drilling/chiselling)	13,0 m/s ²
---------------------------------------	-----------------------

255 mm

Sales information

Key Message

- Extreme power for 13 tons of material removal per day

User benefits

- Highest material removal rate due to 41 J single impact force and 1750 watts motor power
- Longest lifetime due to robust design and use of high-quality materials
- Vibration Control for reduction of harmful vibration and, therefore, longer operating time and greater ease of use

Other features

- Practical: the GSH 16 Professional can be easily and conveniently transported on rollers in the trolley that is supplied as standard
- Excellent handling thanks to the large handle
- The on/off switch is perfectly positioned, which prevents the tool from being switched off unintentionally
